NORTHERN DIVERS DRY SUIT SY-DIVEMASTER

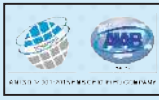

DESCRIPTION

The Divemaster Commercial drysuit is the first choice of active sport divers and the UK's major commercial diving schools. Manufactured from a specially formulated 5.5mm hyper-compressed neoprene, the Divemaster allows freedom of movement and real diving flexibility, as well as being exceptionally hard-wearing. Durability is increased by the heavy-duty piqué nylon outer shell. Hyper-compressed is not just a name to increase product appeal.

- Supplied with neoprene hood, storage bag (folds out for use as a changing mat) and a maintenance repair kit. If you require a made to measure suit please contact us.

NORTHERN DIVERS DRYSUIT SY-ORIGIN®

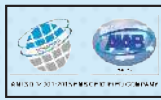

DESCRIPTION

The Origin drysuit is the developed version of Northern Diver's original neoprene drysuit. It's incredibly popular with experienced divers around the world and remains a preferred choice of commercial divers.

This drysuit is ideal for advanced non-commercial divers who regularly plan dives with little physical movement, long duration or extended deco stops.

ISO 45001:2018 OHSMS

INSPIRING • ENGINEERING • INNOVATION

NORTHERN DIVERS DRYSUIT SY-ORIGIN®

The Origin drysuit is manufactured from 6.5mm neoprene, with a tough Armatex® outer shell and our Ti-Ax® Thermacote® heat reflective lining system.

Additional Kevlar® elbow, shoulder and knee protection ensures the suit will withstand years of action.

This drysuit's sizes are a wider fit than our standard drysuit sizes, allowing any combination of Northern Diver undersuits to be used and covering all diving conditions.

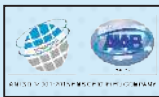

The Origin Drysuit is available off-the-peg with durable hard sole boots or steel toe and mid-sole foil safety boots. The safety boots conform to safety boot standard EN12568/98.

(Style may vary depending on size)

All our ND stock suits are fitted with standard sizes of neck & wrist seals, boots or socks - detailed in our sizing charts. We can alter the suit if these sizes won't fit you. Alterations may be chargeable.

FEATURES

- 6.5mm neoprene
- Rear entry heavy duty BDM metal zip with protective flap
- Neoprene neck and wrist seals
- Northern Diver low profile inflation and exhaust valves, located in standard positions
- Bonded for life' seams
- Liquid taped outside seams
- Zipped transporter pockets on thighs, each fitted with external stainless steel D-rings
- Kevlar® protection on shoulders, elbows and knees
- Overprinted seat area for non slip grip and abrasion protection.
- If you require a made to measure suit please contact us

NORTHERN DIVERS DRYSUIT - SY-CORTEX

DESCRIPTION

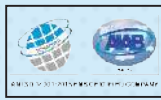

Please note: Valve colour and style may vary.

The legendary Cortex is back: this time with a cutting-edge new design. Just like the rest of the models in the Cortex series, the Cortex Red Edition is manufactured from ultra hard-wearing Cordura® and is built to last.

The typically high-stress crotch area of the drysuit is seam-free and reinforced, and you'll also find oversized Kevlar® 401 kneepads and a high-spec BDM rear-entry zip, protected by a zip flap.

NORTHERN DIVERS DRYSUIT - SY-CORTEX

Despite its hard-wearing properties, we hope you'll forget you're even wearing the Cortex Red. Its unique cut, internal braces and our acclaimed super-soft, durable neoprene neck and wrist seals ensure the suit works in harmony with you beneath the surface.

Our latest Cortex drysuit isn't short of useful features. To keep your diving computer secure, we've added anti-slip overprinting on the lower arms. The suit's storage capacity is also generous; with 2 zipped transporter pockets on each thigh, one with an integrated knife pocket and the other an integrated bellows pocket, you have plenty of space for specialist diving tools.

If you'd like to customise your pockets on your Cortex Red, or other items such as your boots or valves, this can be performed at an extra cost.

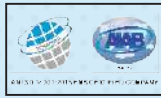

To help you take your new Cortex Red on its maiden dive as soon as possible, it's supplied complete with a 5mm neoprene dual-flow hood, drysuit carry bag, hose and maintenance kit.

All our ND stock suits are fitted with standard sizes of neck & wrist seals, boots or socks - detailed in our sizing charts. We can alter the suit if these sizes won't fit you. Alterations may be chargeable.

Please note: Knife and undersuit not included.

FEATURES:

- Manufactured from ultra-durable Cordura
- Unique cut and internal braces for optimum fit
- Fitted with super-soft neoprene neck and wrist seals
- BDM rear-entry zip with protective flap secured with hook and loop fastening
- Kevlar 601 kneepads with anti-slip coating
- Anti-slip overprint around the lower arms for securing dive computer
- Heavy-duty seam-free crotch
- Zipped cargo pocket on left thigh with integrated knife pocket and hook and loop fastening strap on front
- Zipped cargo pocket on right thigh with integrated hook and loop fastening bellows pocket on front
- Fitted with comfortable neoprene-lined dacor boots
- Valves in standard positions
- 5mm neoprene hood with ear vent system
- Drysuit carry bag, hose and maintenance kit included

NORTHERN DIVERS WETSUIT SY-DELTAFLX-5MM

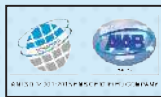

DESCRIPTION

The Delta Flex Black semi-dry wetsuit is the most popular wetsuit for the commercial and oil industries. It's also supplied to the military worldwide.

The suit's hard-wearing properties are complemented by the ultimate comfort offered by the super-stretch DFN-Ultragrade™ neoprene. The internal lining offers superb warmth and insulation with its Ti-Ax® Thermacote® titanium terry, now with an anti-bacterial coating.

The build quality is exactly what divers have come to expect from Northern Diver wetsuits, offering tough seams, high quality materials and components, and exceptional quality control.

NORTHERN DIVERS WETSUIT SY-DELTAFLX-5MM

The Delta Flex Black fits all, no matter what size. The ergonomic cut of the suit plus the preformed and shaped arms and legs give maximum in-water comfort.

FEATURES:

- DFN-Ultragrade™ Superstretch neoprene build
- 5mm long john (short arms, long legs) - front entry zip, Smooth Skin arm and ankle seals, zipped ankle warmers, collar (secured with hook and loop patches)
- 5mm step-through crotch jacket - Smooth Skin wrist seals inc. zipped warmers, front entry diagonal zip
- Both garments include Ti-Ax® Thermacote® titanium lining for extra thermal protection
- Ergonomic anatomical design with pre-formed knee and elbow areas
- Triple glued, blind stitched seams

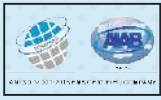

NORTHERN DIVERS WETSUIT GLOVES SY-GLOVES3MM

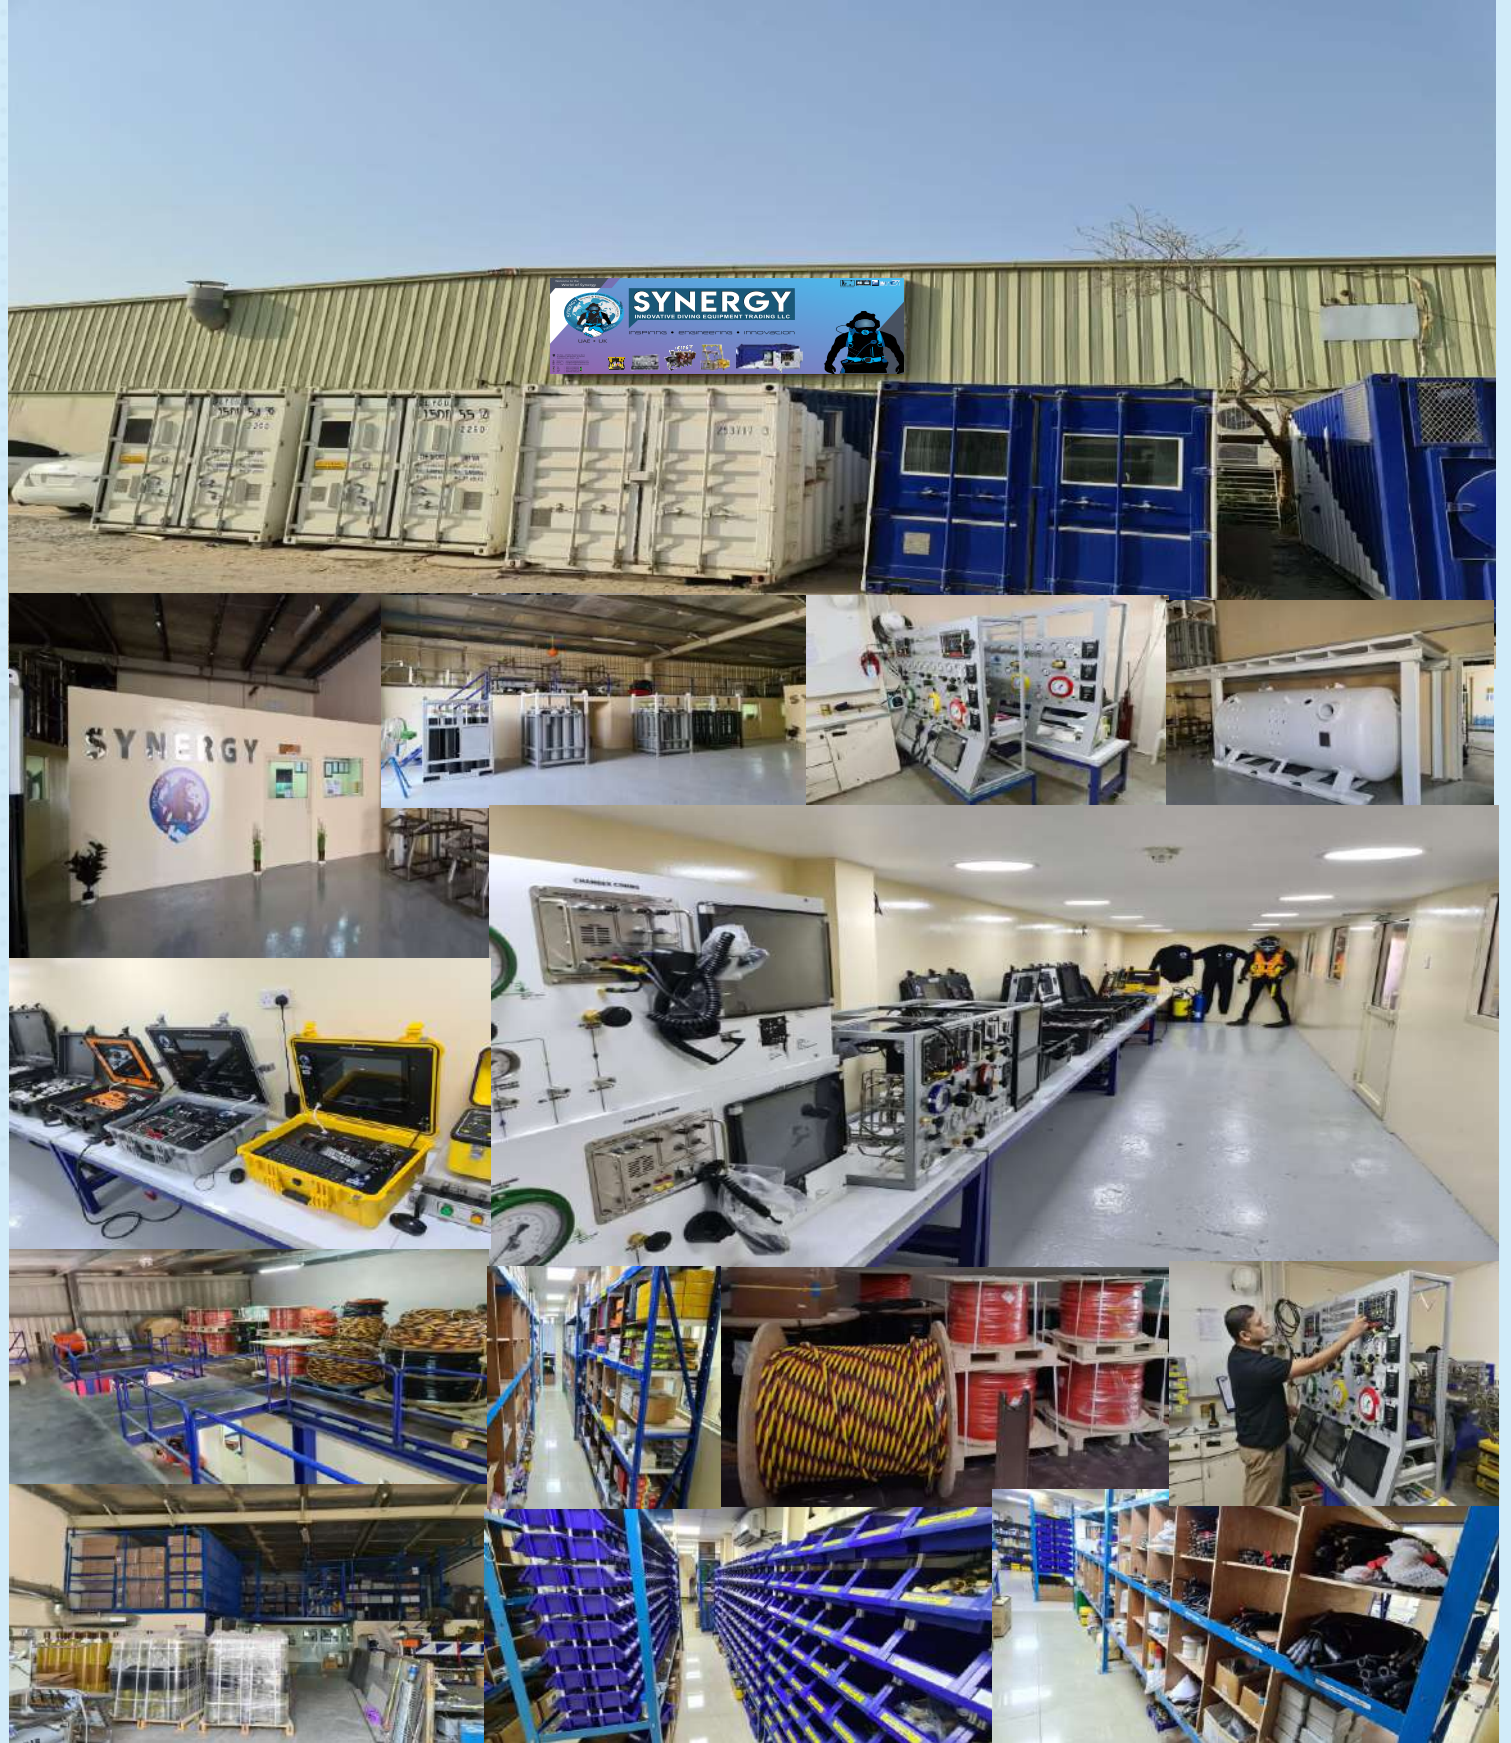

These neoprene gloves combine comfort, warmth and flexibility.

Made from 3mm Flexible Neoprene, the palm, fingers and thumb feature a hard-wearing protective coating. The rubber palms have a crisscross design for improved grip and friction.

Water migration is minimised with the addition of an elasticated hook and loop fastening wrist strap. These 3mm gloves are suitable for scuba diving and other water sports.
